# ABOUT US

Luxvest is an investment platform created by Deloitte which is a UK based company incorporated in 2003. Although our main principal business is accounting, tax advisory and auditing. We equally run a global systematic investment platform. Our centralized research focuses on the development of advanced quantitative techniques for uncovering market opportunities and employs them within a disciplined framework that results in efficient exposures.

Our other areas of business include private equity, real estate, foreign exchange, stock trading and cryptocurrency investment.

With a robust infrastructure and talented investment professionals, Deloitte offers clients the scale of a large asset management firm, with the benefits of a versatile investment platform – flexibility and customization. Our firm is able to offer institutional and retail investors the essential building blocks for today's changing investment landscape.

Using advanced methods of making business and a personal approach to each investor, we propose a novel financing example to people who want to maximize earnings, but also as a strong source of solid returns.
